Monica:

I believe you are probably aware of this FOIA request. I was asked by Jackie McQueen to include your name for an OEI search of Outlook records. Hopefully, this will not take long to complete for your review. In the meantime, would you please search your Lotus Notes for any relevant records to this request. Please let me know if you have any questions. Thank you.

Hi Matt:

We need to add Monica Linnenbrink to this request. These are the parameters used for Jacqueline McQueen. How long would you anticipate this would take? Thank you.
